

Indian Non-Veg Weight Loss Diet Plan (With Jowar Roti)

This is a structured Indian non-vegetarian weight loss plan designed for safe and effective fat loss. It includes Jowar roti as a healthier alternative to wheat, helping in digestion, improving satiety, and supporting sustainable weight management.

Breakfast

- Option 1: 2 boiled eggs + sautéed spinach
- Option 2: Vegetable omelette + green tea
- Option 3: Oats porridge with chia seeds + 5 almonds

Mid-Morning Snack

- 1 seasonal fruit (apple/guava/pear) OR handful of soaked almonds/walnuts

Lunch

- 2 small Jowar rotis
- 1 cup sabzi (bhindi, lauki, beans, cabbage)
- 1 cup dal OR 100g grilled chicken/fish
- Large salad (cucumber, tomato, carrot, onion)

Evening Snack

- Green tea + 5 soaked almonds OR 1 boiled egg OR roasted chana

Dinner

- 100–120g grilled chicken/fish/boiled eggs
- Steamed or sautéed vegetables
- 1 small Jowar roti (optional, if hungry)

Bedtime

- 1 cup warm turmeric milk (low-fat) OR herbal tea

Notes:

- Avoid rice + roti in the same meal.
- Drink at least 2.5–3L water daily.
- Limit sugar and processed foods.
- Follow workout routine (4 days weight training, 3 days cardio).
- Expect 2–4 kg safe weight loss per month with consistency.
